PROGRAMMER

WORK EXPERIENCE

01 year experience in fiverr
01 year experience in upwork

Finding & creating new things is what I love the most and being a freelancer for nearly 1 year paves me the way for it. I have a keen interest in exploring new technologies and learning how to use new tools. I will give my fullest contribution to get the assigned work and tasks done in time. Passionate about a career in the computing sector and eager to develop further expertise while contributing to the company's success.
